**REQUEST FOR APPROVAL OF LOCAL RULE
RE-ADOPTING CURRENT CASELOAD
ALLOCATION RULE**

The judges of the courts of record of DeKalb County have met and reviewed the 2009 weighted caseload statistics of the courts of record, which review reveals that the difference in utilization between the three courts of record in 2009 was .55. However, based on an analysis of the cases filed during the first three quarters of 2010, it is projected that under the current local caseload allocation rule, the utilization difference for 2010 will fall well within the .40 variance which is permissible under Ind. Administrative Rule 1 (E).

Accordingly, the judges of the courts of record have decided to re-adopt their local rule pertaining to caseload allocation as required by Administrative Rule 1, which local rule had previously been published for public comment as required by Trial Rule 81 and which has been approved by the Supreme Court, and request the Supreme Court to approve the re-adoption of the local caseload allocation rule.
